Gentlemen

I hardly believe that I have ever made you the price of $3 — a freight and express, but even if I have done so I could not do it again. I am indeed sorry that the books were damaged in anyway, but you can hold Express Company by placing a claim against as they were packed in partition cardboard which will ordinarily protect a book. If you cannot use these books at $3.50 apeice, you can return them, as I have left only 50 more, and I have plenty of demand for them the next lot may cost you still more. Hoping that you will consider the

and to comply with it, I will remain
